Company

Air Safaris has been in operation since 1970; establishing the company's own aerodrome and main base at Lake Tekapo in1975, and in the 1990's establishing a West Coast base at Franz Josef.

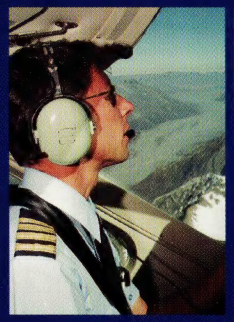
The company has a wealth of experience and operates the largest scenic aeroplane fleet in New Zealand. Senior pilots have up to 35+ years flying in the region.

The family owned company stands for quality and service.

The large and varied aircraft fleet is ideally suited to flightseeing. Every passenger has a window seat, and all aircraft have 'wings above' to ensure optimum viewing below.

Pilots provide an informative in-flight commentary and are dedicated to providing an excellent passenger experience.

Air Safaris has the capacity, flexibility, and flight options to suit all groups. Aircraft range from 5 to 15 passengers, and inter-airport options allow coach tour groups to experience the Grand Traverse whilst maintaining travel schedules.



Culture

The Air Safaris team is dedicated to high safety standards with friendly, personal, and professional service.

Our aim is to provide visitors of all ages, and physical ability, with the opportunity to share with us an unforgettable experience amongst our highest peaks and largest glaciers, in comfort and safety, and with no lasting affect on the environment.

Air Safaris is committed to respecting the values of our National Parks; introducing larger and quieter aircraft to reduce traffic density and minimise noise impact.

The company takes great pride in the quality of the operation and the excellence of the experience it provides.

AIR SAFARIS

The Grand Traverse of Aoraki Mount Cook and the glaciers

The recognised premier Aoraki Mount Cook flightseeing experience. This magnificent flight encompasses two World Heritage National Parks and two hundred kilometres of New Zealand's most memorable and spectacular alpine scenery.

The highlights of this flight include:

- *Beautiful turquoise lakes, golden tussock lands and braided river systems.*
- *Remote high country sheep farms, and glacial valleys.*
- *The Aoraki Mount Cook National Park - a magic world of permanent ice and snow.*
- *New Zealand's two highest mountains: Aoraki Mount Cook and Mount Tasman.*
- *The Westland Tai Poutini National Park encompassing the magnificent Franz Josef and Fox glaciers - their huge icefields spilling down to the rainforests of Westland.*

Approximately 45 minutes flight time. Allow for 1 hour total duration.
Regular departures from Lake Tekapo, and Glentanner Park/Mount Cook.
(Also operates from Franz Josef)

Inter airport option:

Experience the Grand Traverse while your coach continues on to meet you at the next airport. Operates between Lake Tekapo, Glentanner, Mount Cook, and Pukaki/Twizel. (Other options and prices available by request).

Fares:

From Lake Tekapo	**$240 Adult $160 Child***
From Glentanner Park/Mount Cook and Inter airport option	**$260 Adult $180 Child***

** Up to (and including) 13 years of age.*

Charter Flights:

Aircraft available for a wide range of charter applications. Special interest group tours - attractive options for groups looking for something different.

Christchurch - Mount Cook - Queenstown and Milford Sound
